BRITISH ARMY IN HOLLAND.

The gallant services of our Army in Holland, and the arduous duties they have been called to perform, have justly excited the admiration, respect, and gratitude of the British Nation. Prompted by these feelings, a respectable number of patriotic Gentlemen taking into consideration that many of our brave Defenders have fallen, when endeavouring to extirpate tyranny, and restore religion, justice, domestic serenity, and all the blessings of a regular Government to a neighbouring nation, and that many of their Wives and Families may be suffering unavoidable distress, they have generously stepped forward to patronise a Subscription Fund for affording them relief. To effect this benevolent purpose a meeting was lately held in London, and the following advertisement has been published.

A Meeting held this day, at the Free Masons Tavern, in Great Queen Street, in consequence of an advertisement in the Public Papers, of the SUBSCRIBERS to a FUND for the RELIEF of the WIDOWS, WIVES, and CHILDREN, of the KILLED and WOUNDED BRITISH SOLDIERS in the EXPEDITION to HOLLAND.

The Right Hon. General Sir Wm. Fawcett, K. B. &c. &c. in the Chair.

It having been reported to the Meeting, that the following Subscriptions had been already received—

IT WAS RESOLVED, That the Meeting be adjourned to Saturday the 2d November, at eleven o'clock, when the attendance of the Subscribers is requested at Free Masons Tavern, for the purpose of nominating a Committee.

Subscriptions continue to be received at the following Bankers, and at the Bar of Lloyd's Coffeehouse—

Messrs. Child's, Fleet Street.
Messrs. Hoare's, Fleet Street.
Messrs. Martin, Stones and Co's, Lombard Street.
Messrs. Thomas, Counts and Co's, Strand.
Messrs. Snow, Sandby, Paul and Kinch's, Strand.
Messrs. Drummonds, Charing Cross.
Messrs. Hammerley and Co's, Pall Mall.
Messrs. Herries, Farquhar, and Co's, St James's Street.
Messrs. Bonquet, Becheroff, & Co's, No. 18, Change-Alley.

The People of Scotland have upon many former occasions shown their readiness to co-operate in similar expressions of gratitude to the relatives of our gallant Defenders, and it is not doubted that upon the present occasion they will evince similar sentiments.

Subscriptions are received by the following Bankers: Bank of Scotland, Royal Bank of Scotland, Messrs. Mansfield, Ramsay, & Co. Edinburgh, Sir William Forbes, James Hunter, & Co. Sir Allan, Banker, Sun Fire Office.

And the Agents of the Bank of Scotland in the different towns in Scotland.

* The List of Subscribers is already numerous and respectable.

Oct. 26, 1799.

My Lord,
On the 19th instant, and in the latitude of the entrance of the Garonne, longitude 4 deg. W. I have the honour to be, &c.

NOVEMBER 6.

By the last advices from the Helder we learn, that the cavalry had all embarked, and the army was expected to be on board before the end of the present week. Our troops had abandoned their former lines, and were posted behind the canal leading from Oudfluyts to Zuypers Sluys, and from thence to the sea at Petten.

Colonel Kriehoff, a Dutch officer of engineers, had arrived at the Helder, to take an account of the artillery, stores, &c.

The Hamburg mail due on Sunday has not arrived. Major General Gordon, the Lieutenant-Governor and Commander in Chief in Jersey, is at Portsmouth, with his aid de-camp Captain Rofs, waiting for a fair wind to sail for the island.

The General, we understand, is to be promoted to the rank of Lieutenant-General, that he may command the Russians. He is, we understand, to have a regular staff establishment. Captain Rofs is to be Deputy Adjutant-General.

The Hereditary Prince of Orange, it is reported, will have the command of the Dutch troops, 6000 in number, which are for the present to be stationed in the Isle of Wight.

We are sorry to have to announce the loss of another vessel coming from Holland with troops, viz. the Guernsey Lilly, William Wilson master. She failed from the Helder on the 30th ultimo, and on the evening of the 1st instant, she struck upon the crofs sands off Yarmouth, and in less than one hour she sunk, nothing but her top-gallant mast remaining above water.

We are, however, happy to state, that from the very great exertions of the boats of the men of war in the Roads, every person on board was saved; it was, however, impossible to preserve one article of baggage or stores.

The following were the officers on board:—Major-General Farrington. Capt. Robe, Brigade Major.

Lieutenant-Col. Trotter. Capt. M'Lean, aid-de-camp.

Lieutenant-Col. J. Smith. Mr Jamieson, Staff-Surgeon.

Lieutenant-Col. Terrot.

The head-quarters of the British army in Holland were, on the 29th, removed from Schagenburg to the Helder. The troops which then removed there consisted of the 2d, 4th, 5th, 56th, 63d, and 69th regiments, with some cavalry, artillery, &c. and the Russian corps.

Lord Macdonald, Colonel of the regiment of the Isles, arrived at Whitehaven on Sunday 1st inst.

There is no doubt but the Court of Petersburg has its eye upon Malta: And there is to the full as little doubt of its being contrary to the interests of this country, of Italy, and much more so of the Grand Signior, that this valuable island should pass under the Russian yoke. We therefore trust that the wisdom and integrity of his Majesty's Councils will be successfully opposed to any such transfer.

This morning arrived a mail from the Leeward Island, brought to Plymouth by the Princess Royal Packet in 36 days; also a mail from Lisbon, by the King George Packet.

MILITARY COURT MARTIAL.

A General Court Martial was held at York on the 23d of Sept. last, when John Worthington, Esq. Major of the Suffolk Fencible Cavalry, was tried upon several charges brought against him by Sir George Thomas, Bart. late Colonel of that regiment.

The substance of these charges was:—Having curtailed the feeding of the horses of his troop and for having made an agreement with paymaster Faulder, who was ordered by the Colonel to purchase the corn and fee the full allowance weighed out and delivered daily to each troop, and to convert the said curtailment into cash, and to pay to him the sum of one guinea and a half per week, or some such sum, and which he absolutely received from said pay-master, and appropriated to his own use.

The Court found Major Worthington guilty, and sentenced him to be dismissed the service. His Majesty has confirmed the sentence.

Lieutenant Colonel Montague, of the 1st Wiltshire Militia, has been found guilty upon several articles of charge, accusing him with endeavouring to make divisions and sow dissensions in the corps, and ordered to be displaced.

NAVAL COURT MARTIAL.

On Captain Faulknor and his officers, for the loss of his Majesty's ship Impregnable, of 98 guns, held on board the Gladiator, in Portsmouth harbour:

MEMBERS.
Admiral Sir RICHARD BICKERTON, Bart. President.
Captain McDouall. Captain Wells.
Purvis. Alms.
Pickmore. Boyles.
Sir H. Neale. Whitby.
Blphinstone. Durham.
Woolley. Barton.
M. Greetingham, Esq. Judge Advocate.

The officers and several of the seamen were on Wednesday strictly examined, and the circumstances which attended the loss of the ship, and the causes, were fully investigated. It appeared upon all the evidence, that her loss was occasioned by running upon Chichester shoals, whilst in charge of Michael Jenkin, the master, and afterwards beating a considerable way upon the flats, so that it was impossible to get her off. The evidence likewise imputed this disaster to the negligence of the master, he having run beyond the proper distance before he hauled in for St Helen's, and not having anchored the ship at the time when the men at the leads declared there was a material difference in the soundings; but these men differed in their reports. The evidence respecting Captain Faulknor and his officers was highly creditable to themselves, and to the discipline of the ship in which they served. The room was cleared for an hour, when the Court adjudged the said Michael Jenkin, in consideration of his having been deceived in the soundings, only to be dismissed from his Majesty's service; and the said Capt. Faulknor and his officers to be honourably acquitted.

In the months of November, December, January, and February, the American packets sail to New York only; in the other months they go and return via Halifax.

BRIXHAM, TORBAY—November 3.

Arrived Lord Bridport, with the following men of war under his command:—

Royal George,	Bellona,	Terrible,
Royal Sovereign,	Ajax,	Magnificent,
Temeraire,	Gibraltar,	Resolution,
Mars,	Marborough,	Pompee,
Triumph,	Achilles,	Ramilles,
Neptune,	Warrior,	Venerable,
Windsor Castle,	Russell,	Juste,
Atlas,	Cesar,	Magnanime,
Montague,	Agamemnon,	Ulicorn, and
Superb,	Saturn,	Megara.

Saw five French ships in the Outer Road of Brest, which Lord Bridport sent an equal force to engage, upon which they went into the Inner Road.

The Duke of York's person was frequently endangered during the late campaign in Holland.—On one particular occasion a shell fell quite close to his Highness, and killed the orderly man immediately behind him.

A letter from a Field officer in Holland, has the following passage—"I do not know what it is to have dry linen—Am now writing on my knee, having neither table nor chair—my lodging a shattered old house, which is above all deep in water."

There have been lately a number of Secret Committees at the Bank, which have set very late. They are supposed to relate to a negotiation which is said to be going forward with the Minister for the renewal of the Bank charter, which expires in a few years.

On the renewal of charters, it has always been usual to pay a very large docture to the public. When the Bank charter was last renewed, the Company paid about two millions sterling; it is said that on the present occasion Mr Pitt demands four millions.

The French Commissary of prisoners is now at Portchester Castle, near Portsmouth, selecting the French seamen who are to be surrendered in consequence of the capitulation of Schagenburg. His choice appears to be governed by the individual claims, merits, and ability of the prisoners, with only one preference, where their pretensions are concurrent, in favour of those taken by Lord Howe, on the 1st of June, 1794.

The following paragraph is extracted from the last Paris papers:—"We hear from the Hague, of the 11 Brumaire, October 23, Brune has demanded of the Batavian Government to fit out and equip the whole French army, in return for the services which it has rendered to Holland. Only 10,000 men of this army will remain in Holland; the remainder will probably go to the Rhine. The Generals also make some demands for indemnifications, which it would appear cannot be refused them. The two French Ministers do not agree—both have demanded their dismissal."

The Honourable Lieutenant-Colonel Stewart, son to the Earl of Galloway, arrived in town on Saturday last from the head-quarters of Field-Marshal Suwarrow, with dispatches from Mr Wickham and Colonel Clinton.

Monday the Lord Mayor elect was presented to the Lord Chancellor at his house in Bolton-row, when his Lordship signified his Majesty's approbation of the choice of the citizens of London. In the evening Mr Combe gave an elegant entertainment to several Aldermen, and other gentlemen at Fishmonger's hall.

The conclave for the election of a Pope, it is now thought, will not be held at Venice, as was proposed, but at Rome, and that the Cardinals will immediately proceed to the latter place, in order to prepare for the election.

Mrs Jordan enters upon new articles with the Drury-lane proprietors, after her coming accompaniment. The terms are highly honourable to both parties, and she is to be placed in future on a singular salary to that of Mrs Siddons.

Our readers have been informed, that the Russian troops now in Holland are to be sent to Jersey and Guernsey. It is now said, that they will be employed in making a diversion on the coasts of Normandy and Brittany, where ministers are informed the French royalists are again in great force. It is added, that a body of Dutch loyalists, under the orders of the hereditary Prince of Orange, will also be attached to the expedition; the principal command of which is to be entrusted to Earl Moira.

On this subject we only speak on the authority of loose rumour; certain, however, it is, that such a diversion would be likely to operate very favourably in keeping the French upon the alert, at a period when they are said to threaten a new invasion of Ireland.

Lady Elizabeth Luttrell died on her way from Dresden to Hamburg in the greatest distress. She had been out a short time before: relieved from a prison by the humanity of Count Bruhl. Few persons experienced the mutability of human affairs to a greater degree.

The following statement of the French naval force was lately given in the Council of Five Hundred by Boulay Paty:—

"The Republic possesses at sea and in the different ports of its dominions, 43 ships of the line, 50 frigates, 42 corvettes, 14 brigs, 10 loggers, 16 cutters, 12 avisos, 6 demi-sabers, 11 galleys, 14 store-ships, 25 gun boats, 135 gun pinnaces, and 177 flat-bottomed boats, constructed for the descent on England. Besides these, there are on the stocks 13 ships of the line, eight of which are nearly ready for launching; 12 frigates, 10 of which are in the same state of forwardness; and four corvettes, and two galleys, which will also be ready for sea in a very short period."

The Lords of the Admiralty have appointed Captain James Hanson, who sailed round the world with Captain Vancouver, to the command of the Brazen Sloop of war, now fitting at Portsmouth.

Yesterday dispatches were received at the India House, by a southern whaler, from Governor Brooks, at St Helena, dated in the middle of August last. We learn that the island was in perfect tranquillity; the only ship there was the Belvidere, Captain Charles Christie, homeward bound, which has been from hence two years, in consequence of the Government of Bombay fitting her out as a fighting ship. The homeward bound East India and China fleet had arrived and failed from St Helena, but their names are not particularized. We have no intelligence from the Cape of Good Hope of any importance, further than that the colony was in good health. The arrival of the next homeward bound fleet of Indiamen, it is probable, will take place about the end of the present month.

The number of ships to arrive from the different Presidencies in India and China amounts to 53; fifteen of which being of the season 1797-8, are expected to arrive before Christmas.

The failures at Amsterdam are said in the account from that place to be immense. As the whole system of commerce, now carried on by those countries which have had the misfortune to fraternize with France is credit, and as there is very little real capital to strengthen it when once attacked, and no ability on the part of the Government, or those connected with it, to support it, the consequences of a single failure are more extensive than can be imagined in a country of resources like this.

The titular Bishop of Dublin paid great respect to the memory of the late Pope. All the forms prescribed by the Roman Catholic Church were complied with at Francis Street Chapel. A representation of the body was laid out in funeral pontifical state, and masses, obsequies, and dirges, were performed in the most solemn and impressive manner.

WHIG CLUB.—Yesterday, the first meeting for the season of this Society was held at the Crown and Anchor Tavern, when a numerous company of gentlemen dined together. Mr Allured Shove was in the Chair. "Mr Fox, and the speedy re-establishment of his health" was drank with much warmth. This was followed by "The Lord Mayor Elect, and the Independent Livory of London, with thanks to them for the constitutional spirit they have manifested."—"Mr Erskine and the Trial by Jury."—"Mr Crattan and the Friends of Constitutional Liberty in Ireland."—"Mr Byng, and the Independent Freeholders of Middlesex." Many other toasts were drunk.

PLYMOUTH—November 4.

The Norway ship Fredrick Julius Kasse, burthen about 400 tons, Herman Samling master, bound to Fredrickstad, in ballast, sailed hence on Saturday evening; a few hours afterwards, the wind blowing strong from the westward, one of her butts started, and she made so much water, that the master and crew were under the necessity of running her on shore about five miles to the eastward of this port, in order to preserve their lives, which was happily effected, but the vessel is gone to pieces.

LOSS OF HIS MAJESTY'S SHIP NASSAU.

Extract of a letter from on board the Braquel, in Yarmouth Roads.

I write to acquaint you, that on the 25th ult. at about half past 12, A. M. the Nassau ran on shore on the Hake Sands, on the north side of the Texel, and was lost; the surf ran so high that it was with great difficulty any person was saved; however, I jumped overboard the next day, about 5 o'clock P. M. when it was beginning to grow dark, and was picked up by the Jalouffe's jolly-boat, which had only three oars on board; and as we could not fetch the ship we stood to sea all night, and at ten o'clock next day (Saturday) were taken up at sea, out of sight of land, by a Prussian galliot; the sea ran very high, and we had no water or provisions on board. I have lost every flitch of clothes I had except the clothes on my back. Few or none saved any thing, except what they had on.

The following are known to have been drowned:—Andrew McIntosh, Esq. Captain of marines; Mr F. Benney, purser; Mr Hugh Owen, midshipman; Charles Yonke, Captain's coxswain; Robert Chambers, boatswain's mate; Don McNeal, sailmaker; Patrick Helmsley, Captain of fore-castle; David Gamml, Captain of ditto; Thomas Seales; Thomas Lowe; John Coleman boy; and John Gent, warranted cutter.

And from the number of dead bodies floating between decks, suppose 100 lost their lives, but at present the number of lives lost cannot be ascertained. Two hundred and six arrived safe at Yarmouth—left some on board the Juno, in the Texel; every soul on board must inevitably have perished, had it not been from the great exertions of John Temple, Esq. commander of his Majesty's sloop Jalouffe.

THE REMAINDER of the said LANDS and ESTATE of DRUM and others, with the Teinds and Pertinents thereof, lying in the Parish of Liberton and County of Edinburgh, and also the Superiority Lands of Stenhouse, and few duties thereto appertaining, lying in the said Parish and County, as after specified, will be exposed to public roup and sale, within the Royal Exchange Coffeehouse, Edinburgh, upon Wednesday the 27th day of November next, and will be put up to sale exactly at one o'clock afternoon, in the Lots following, viz.

Lot I. Will consist of and comprehend that Field or Inclosure, part of the Lands of Drum, commonly called the Deer Park (with the exception of a small part or corner thereof given off to the purchaser of the grounds already sold) containing about 20 English acres or thereby, together with the Scams of Coal as formerly advertised.

Lot II. Comprehends that Field or Inclosure called the Dove Cot Park, with the Entrance, Lodges, and New Gateway, containing about 23 English acres.

Lot III. The Yellow House or Moor Park, consisting of about 30 English acres.

Lot IV. The Houses, Garden, and Park of Danderhall, extending to one Scotch acre or more.

Lot V. The Easter and Wester Cow Parks, containing about 31 English acres.

Lot VI. The Coal View Park, containing nearly two English acres.

Lot VII. The Candlemaker Park, containing about 21 English acres.

Lot VIII. The Large Fountainhead Park, the northmost half of the Sheep Park, and another Inclosure adjoining to the east row of Houses in the village of Gilmerton, amounting to about 28 English acres, with certain Dwelling Houses in the Village of Gilmerton, to the number of 19.

Lot IX. The Easter Quarry Park (under the exception of a small strip on the west side thereof, given off to the purchaser of the grounds already sold) together with the North Green Coal and the Lime Stone therein, containing about 14 English acres.

Lot X. The Wester Quarry Park (under the exception of a small strip of ground upon the east side thereof, also given off to the above-mentioned purchaser) together with the North Green Coal, and the Lime Quarry, let in lease to Mr. William Laing, consisting of about 10 English acres or thereby.

Lot XI. These Fields or Inclosures marked upon the engraved plan of the estate, with the figures 32, 33, 34, 35, 36, 48, and 49, and comprehending therein the Lands of Todhills with the Easter and Wester Bairs Parks, and the remainder composing part of the farm of Somerside, and containing in whole about 86 English acres.

Lot XII. The Fields or Inclosures marked on said engraved plan, with the figures 37, 38, 39, 50, and 51, comprehending Part of the said Farm or Lands of Somerside, with the parks called Ormansknow and Burndale, and containing about 38 English acres.

Lot XIII. The Fields or Inclosures, likewise forming parts of the said Lands of Somerside, marked on said engraved plan, with the figures 40, 41, 43, and 52, and containing about 42 English acres, or thereby.

Lot XIV. The Northmost Three Fields or Inclosures, composing parts of the Lands or Farm of Fernside, being the portion of the estate nearest the city of Edinburgh, and within three measured miles thereof, with the houses contiguous thereto, and ground around the same, marked on said engraved plan, with the figures 20, 21, and 22, and containing about 49 English acres.

Lot XV. The Southmost Two Fields or Inclosures, also composing parts of the said Lands, or Farm of Fernside, marked upon said engraved plan, with the figures 19 and 23, and containing about 46 English acres.

Lot XVI. These Fields or Inclosures, comprehending the remainder of the Lands of Somerside, with the Commodious Farm-house and Offices thereupon, marked upon said engraved plan, with the figures 42, 44, 45, 46, and 47, and containing about 65 English acres, or thereby.

Lot XVII. Will comprehend All and Whole the SUPERIORITY LANDS of STENHOUSE, holding immediately of the Crown, lying as above-mentioned; and the few duties thereto belonging, payable by the respective feuars thereof, extending in whole to the sum of about 274l. Sterling of feu duties yearly, converting the virtual feu duties, at an average of the fair prices of the county of Edinburgh, for the last three years, with the casualties of superiority appertaining thereto. These lands or feus stand separately valued in the cess books of the county, at about 647l. Scots money; so that the purchasers thereof will be entitled to a freehold qualification in the county, &c. and if the same are not sold in cumulo, the superiority and feu duties will be exposed to sale in such lots or subdivisions as may best accommodate the feuars who shall incline to reduce their feu duties, or other purchasers.

As the whole of the foresaid lots, excepting the Superiority Lands of Stenhouse, have been formerly advertised, and are well known, it is altogether superfluous to enlarge or expatiate at present upon the many advantages arising from situation and otherwise, which will be derived by the purchasers of the same; or to point out the different seams of coal to be found therein, all perfectly known and ascertained over the country, and which, from the vicinity to Edinburgh, must undoubtedly be of great value. Therefore, it is merely necessary to notice, for the information of intending purchasers, that, in consequence of the sale of the mansion-house, offices, &c. of Drum, the several lots now advertised, will be perpetually sold upon the day of sale before expressed, according to the inclination of purchasers, without regard to all the order in which the same are above placed. And it has also to be mentioned, that there still remains a freehold qualification to be added or given the purchaser of some one or more of the lots, as shall be afterwards fixed on and determined.

For all further particulars application can be made to Charles Fozard, residing at the Drum, or Robert Dundas, writer to the signet; from either of whom engraved plans of the premises may be obtained, with every necessary information respecting the terms and conditions of sale, or the endurance of the leases; and the title-deeds, &c. will be shown, upon applying to Mr. Dundas.

SALE OF LANDS IN THE COUNTY OF FORFAR, With a Freehold Qualification.

To be sold, by public roup, in the Royal Exchange Coffeehouse of Edinburgh, on Tuesday the 12th day of November next, between the hours of two and three afternoon,

THE ESTATE of LUMLAITHEN, for some time called FINTRY, in the parish of Monifeich, and county aforesaid. These lands contain about 416 acres, 70 or 80 of which are in wood and pasture, and the remainder arable.

The House is large and commodious, and, with some alterations and repairs, may be made a most convenient and comfortable residence for a large family.

The Farm-Offices are uncommonly complete and substantial. The whole Estate is completely inclosed and subdivided, and is in the highest state of cultivation; and (except a small detached part let to substantial tenants) may, together with the House, Garden, and Offices, be all entered to at Martimus first. The Plantations are in the most thriving state, and the situation on the banks of a remarkable fine trouting stream, adorned with hanging woods, is uncommonly beautiful, dry, and healthy. There are two roads to the turnpike, leading from Dundee to Arbroath, Montrose, &c. by different approaches to the house, which is only four miles distant from the former populous and thriving town, remarkable for its excellent market. The distance from the sea is about a mile and a half, and the grounds, as well as the adjoining country, abound in game. The Estate affords a Freehold Qualification, and the rent-roll and valuation put on it (the greater part not having been put under lease for upwards of 50 years) by persons of the most acknowledged skill, are to be seen in the hands of Messrs. Forthringham and Pearson, writers to the signet.

The titles are complete; the house and lands will be shown by William Corsar, overseer on the spot.

The whole Farm, Stock and Crop, may be had by a purchaser at a valuation; or if this should not be agreeable, the same will be disposed of by public roup immediately after the sale of the lands.

TO BE SOLD BY PRIVATE BARGAIN.

THE LANDS and ESTATE of KIRKTON and WHITE-LAW, in the county of Linlithgow, and within a mile of the market town of Bathgate.—This estate consists of 400 acres or thereby, and lies about sixteen miles west from Edinburgh, on the new great road to Glasgow, which passes through the property. In the near neighbourhood there is abundance of excellent coal at a moderate price, and in the estate itself an inexhaustible quarry of limestone, of a very superior quality, which might be wrought to great advantage at a small expense. Around the mansion-house and offices, which are commodious, there is a considerable quantity of old planting, which gives shelter and beauty to the place; and on the other parts of the estate there are clumps and plantations of younger trees, in a thriving condition.

The whole estate is inclosed, and, having been chiefly in pasture for several years, is in a situation highly favourable to the purchaser at his entry, which may be to the natural possession of the greater part of the property at Martimus next. But the chief excellence which this estate possesses is, that, in general, the soil is dry, fertile, and adapted to green crops, which renders cultivation cheap and easy, and the produce early and abundant. Its local situation also, in a populous country, and especially in the immediate vicinity of the town of Bathgate, ensures high rents for such of the grounds as the proprietor may chuse to let, and a ready sale for the produce of those which he may retain in his own possession. In short, few situations occur more eligible than that now offered to sale, and in which a purchaser's objects, whether of profit or convenience, may be attained with greater certainty and success.

The estate affords a freehold qualification in the county.—There is an heritable right to the teinds of Kirkton, and those of Whitelaw are valued and nearly exhausted.

For further particulars application may be made to Francis and John Andersons, W.S.

ESTATE IN PERTHSHIRE FOR SALE.

To be sold by public roup, within the Royal Exchange Coffeehouse, Edinburgh, on Wednesday the 20th November 1799, between two and three afternoon.

THE LORDSHIP of KINCARDINE, comprehending the Barony of Kincardine and Lands of Lurg, with the Teinds thereof included; the BARONY of TULLIALLAN, with the Right of Patronage of the Parish Church of Tulliallan, and sundry other Lands and Heritages, all lying in the Parish of Tulliallan, and Sheriffdom of Perth.

This Estate is delightfully situated on the north side of the Frith of Forth, along which it stretches for upwards of three miles; being about four miles to the westward of Culross, three miles to the eastward of Clackmannan, and twelve miles from Stirling. It contains several extensive young Plantations of Fir, interspersed with Oak and Larch, from ten to thirty years old; and a great quantity of thriving valuable full-grown Timber of various kinds, beautifully disposed through the grounds.

The whole estate abounds in coal, and in quarries of excellent free-stone, particularly the farm of Longnatt, bordering on the Frith, where undertakers for building frequently employ quarriers, there being a pier for shipping the stones. There is also iron-stone on some of the farms.

From the nature of the coast, and the great abundance of stone and timber the estate affords for embankments, a considerable tract of fine rich ground, not less than 100 acres, might be gained from the sea, at a moderate expense.

The estate contains in whole 1686 acres Scots measure, whereof 963 acres are rich arable land, 230 acres pasture, 352 acres planting, 108 acres water, 8 acres stances for houses and yards, and 25 acres small feus. The present free rent is only about 1370l. Sterling, of which about 90l. consists of feu-duties; but the greater part of the leases expire in 1800 and 1801, when a very considerable rise of rent may be depended on.

The valued rent is upwards of 2400l. Scots, thereby affording six freehold qualifications in the county, as the whole estate holds of the Crown.

The old Castle of Tulliallan is presently in ruins; but there are many eligible situations for building upon the lands.

The thriving and populous sea-port town of Kincardine, situated upon the estate, is erected into a burgh of barony. It possesses a safe and commodious haven, to which many vessels belong; and it is believed the inhabitants would cheerfully contribute towards building a pier. There are sundry waste spots of ground in the town, which, though not at present cultivated, may be fenced out to advantage.

For further particulars, apply to Messrs. Dundas and Robertson, clerks to the signet, who are ready to treat for a sale by private bargain, and who are possessed of the title-deeds, a plan and measurement of the estate, and a report and estimate by the surveyor of the value of the farms, if out of lease.

Thomas Hutchinson, baron officer at Kincardine, will show the lands.

The greatest part of the price may remain in the hands of the purchaser, upon proper security.

LANDS IN LANARKSHIRE.

To be sold, within the Royal Exchange Coffeehouse, Edinburgh, on Wednesday the 20th day of November 1799, at one o'clock afternoon, in the following lots.

LOT I.—THE LANDS and FARMS of AUCHINGRAY, Lanark, as set in tack to and possessed by Thomas Aitken, James Brockett, and James Brown, consisting of 544 Scotch acres, whereof 203 acres are arable, 45 excellent meadow, and 297 pasture ground. The arable lands are of a good quality, mostly of a free soil, and well adapted for green crops of every kind. These three farms lie contiguous, are partly inclosed with stone dykes lately built; and from the great plenty of free stone in the lands, the whole may be done at little expense. There is plenty of limestone in the grounds, also coal, although this last has not hitherto been wrought.

There is just now building upon the west farm a commodious dwelling-house and set of farm offices. The lands lie twenty-one miles west from Edinburgh, three from the Iron Works of Cleugh, and six from Carnwath. The lands hold of Mr. Lockhart of Carnwath, and the present free rent is only 123l. Sterling, the tenants paying all public burdens; but, at the expiry of the leases, it is expected they will give double the present rent.—If this lot does not sell in whole, it will be exposed in two lots; one consisting of the west farm, possessed by Thomas Aitken, and the other of the two farms possessed by James Brockett and James Brown.

LOT II.—THE FARM of FALLSIDE, lying in the parish of Robertson, and shire of Lanark, as set to and presently possessed by James Aitken, at the yearly rent of 160l. Sterling, consisting of 971 acres, of which 148 acres are arable, 22 meadow, and the rest pasture ground. The greatest part of the arable land on this farm is well adapted for turnip husbandry. On the east side, a little off the march, are extensive lime works, where lime can at all times be got at a reasonable rate, and coal at a small distance.—There is a substantial dwelling-house and farm offices just now building on the lands.

LOT III.—THE FARM of HILLEND and SMELLGILLS, lying in the parish of Robertson, and shire of Lanark, as presently set in tack to and possessed by John Carmichael, at the yearly rent of 97l. Sterling. The lands in this lot consist of 894 acres, of which 180 are arable, and the rest excellent pasture grounds. The farm of Hillend is beautifully situated on the banks of the Clyde; and the great road from Edinburgh to Leadhills passes immediately to the south of this lot, and the post road from Glasgow to Carlisle within less than a mile.

The lands in lots 2d and 3d hold feu of Lord Douglas. The lands in lot 1st will be shown by the tenants; those of lots 2d and 3d by James Cock, at Hardington;—and the title-deeds, tacks, rental, and plan will be seen in the hands of James Marshall, writer to the signet; to whom, or to Thomas Smith, writer, Argyle Square, Edinburgh, or John Lamb, writer in Lanark, application may be made for further particulars.

SALE OF A CAPITAL ESTATE IN FIFE.

To be sold by public roup, within the Exchange Coffeehouse, on Wednesday 17th December 1799, at one afternoon.

THE LANDS and BARONY of BALCOMIE, lying in the Parish of Crail and County of Fife, comprehending the House and Parks of Balcomie, the Farms of Kilmuir, Craighard, Cortoun and others, with the Pideon-House, Mill, and Pertinents of the same, and containing 533 acres Scotch measure, or thereby, of very rich ground.

The present rent of this estate, putting a very moderate rent on the House, Garden, and Pigeon House, is only about 1260l. Sterling; but at the expiry of the present leases there is a certainty that a great rise of rent will be got. There are also above 11 acres of excellent ground planted with green wood, and which are not brought into the rental.

The premises are situated at Fifeness, on the east extremity of the county, and have a most extensive view of the German ocean, and the islands of May and Bute.

The Mansion House, which is very large, and a most commodious and substantial building, is in complete repair, and is equal to the accommodation of any family. There is also a large and elegant court of offices, containing every useful accommodation, and a great part of the furniture will be sold along with the premises.

The Parks of Balcomie, which are extensive, are well inclosed; and as they are only let from year to year for pasture, they would give a great additional rent if they were to be broke up. The purchaser may enter thereto, and to the Mansion House and Garden immediately; but most of the other lands are under leases, of which several years are still to run.

The lands are of a most excellent quality, and from the advantages which they derive from the sea weed, shell marle, lime, &c. are capable of great improvements. There is a certainty of iron stone in the grounds. There is also abundance of free stone, and from the great extent of coast, there are always great quantities of sea weed thrown upon the grounds, which is not only useful to the estate, but may be burned or manufactured to great advantage.

The whole estate holds of the Crown, and affords several freehold qualifications.

It is situated in a very cheap part of the country, and fish of all kinds may always be had at the most cheap rates. In short, a more desirable purchase is seldom to be met with; and more lands may be got in the neighbourhood at moderate prices.

The house will be shown by the housekeeper, and copies of the rental, by Mr. Whyte at Crail. The conditions of sale and title deeds, are in the hands of James Walker, writer to the signet, to whom any person wanting more particular information may apply.

There is a good whin stone quarry on these lands, and command of water, sufficient for carrying on the business of a distillery, or other work requiring such accommodation, which from their local situation, might be advantageously done.

As also, the PROPERTY in CUPAR MUIR, which belongs to Mr. Robertson of Balgarvie, lying about a mile west from Cupar, likewise to be held of a subject superior. It consists of between 40 and 50 acres, about 16 of them have been lately trenched, dunged, limed, and laid down properly in grass. There has been built and finished substantially within these three years, a Dwelling-house, Stable, and Byre on this property, and there is a free stone quarry in it.

The ground forms a square, affords an elegant situation in a Gentleman of taste to build on, and is inclosed by a ditch, a thriving hedge, and a strong railing.

Further particulars may be learned by applying to Edward Bruce, clerk to the signet, and the premises will be shown by Joseph Low, gardener at Balgarvie.
